

Wellness Policy

Preamble

Ascend Academy Charter High School (AACHS) recognizes that good nutrition and regular physical activity affect the health and well-being of all students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, supporting the development of good eating habits and promoting increased physical activity both in and out of school.

AACHS is committed to creating school environments that promote and protect the overall well-being of all students and staff. The guidelines listed below encourage a comprehensive wellness approach that is sensitive to both individual and community needs.

1. Local School Wellness Policy Leadership

School level

AACHS will establish an ongoing Healthy School Team that will meet bi-annually to ensure compliance and to facilitate the implementation of AACHS's wellness policy.

- The school principal and local school staff shall have the responsibility to comply with federal and state regulations as they relate to AACHS's wellness policy.
- The Wellness Coordinator will be responsible for establishing the Healthy School Team that will ensure compliance with the policy.
- The Healthy School Team should include, but not be limited to, the following stakeholders: parents, students, school food service program representatives, school administrators, school health professionals and the general public.
- The Healthy School Team is responsible for:
 - Ensuring compliance with federal and state regulations for competitive food and beverage items sold on the school campus (7 CFR 210.11 and FAC 5P-1.003);
 - Maintaining a school calendar identifying the dates when exempted competitive food fundraisers will occur in accordance with the frequency specified in paragraph (c) of FAC 5P-1.003;

- And reporting its school's compliance of the aforementioned regulations to the Wellness Coordinator, the person responsible for ensuring overall compliance with AACHS's wellness policy.

AACHS will review and consider evidence-based strategies and techniques in establishing goals for nutrition promotion and education, physical activity and other school based activities that promote student wellness to include, at a minimum, a review of Smarter Lunchroom tools and techniques.

2. Nutrition Promotion

Nutrition promotion can positively influence lifelong eating behaviors by creating food environments that encourage healthy choices and encourage participation in the school meal programs.

- The school environment, including the cafeteria and classroom, shall provide clear and consistent messages that promote and reinforce healthy eating.
- Students will have access to useful nutrition information. Posters, worksheets and brochures will be available in classrooms and throughout each school's campus.

3. Nutrition Education

Academic performance and quality of life issues are affected by the choice and availability of nutritious foods in our schools. Healthy foods support student physical growth, brain development, resistance to disease, emotional stability and ability to learn.

- Students receive nutrition education that is interactive and teaches skills they need to adopt healthy eating behaviors. Classroom lectures, activities and student participation are provided in nutrition and health classes. Online tests (such as multiple choice, essay and fill in the blank) are given in the areas of nutrition.
- Students will understand how food reaches the table and the implications that has for their health and future.
- Nutrition education will teach skills that are behavior-focused. Students will be taught about calorie balance, energy expenditure and how to read and interpret nutrition facts labels.
- The staff responsible for nutrition education will be adequately prepared and participate regularly in professional development activities to effectively deliver an accurate nutrition education program as planned. Preparation and professional development activities will provide basic knowledge of nutrition combined with skill practice in program-specific activities and instructional techniques and strategies designed to promote healthy eating habits.

4. Physical Activity

AACHS shall ensure that physical activity is an essential element of the instructional program. The program shall provide the opportunity for all students to develop the skills, knowledge and attitudes necessary to participate in a lifetime of physical activity.

- In grades 9-12, students receive a minimum of one credit of physical education in senior high school as required. One semester must be personal fitness while the second semester may be any physical education course offered by AACHS with the approved state course codes. (Sunshine State Standards)
- Students will have the opportunity to be involved in physical activity through physical education programs, before and after school activities or other activity programs. Students will be encouraged to participate in community-offered fitness and athletic programs.
- Staff will be encouraged to participate in 150 minutes of moderate-intensity aerobic activity (e.g., brisk walking, jogging, swimming) every week. Staff will be informed of the opportunity to participate in physical activity in afterschool programs and community events.

5. Other School-Based Activities

AACHS will integrate wellness activities across the entire school setting. These initiatives will include nutrition, physical activity and other wellness components so that all efforts work towards the same set of goals and objectives used to promote student well-being, optimal development and strong educational outcomes.

General Guidelines

- AACHS shall consider the components of the Centers for Disease Control's Whole School, Whole Community, Whole Child (WSCC) model in establishing other school-based activities that promote wellness.
- The goals outlined by the wellness policy will be considered in planning all school-based activities (such as school events, field trips, dances and assemblies).
- Afterschool programs will encourage healthy snacking and physical activity.
- AACHS shall actively develop and support the engagement of students, families and staff in community health-enhancing activities and events at the school or throughout the community.
- AACHS shall be in compliance with drug, alcohol and tobacco-free policies.

Eating Environment

- Students will be provided an adequate amount of time to consume their meal with a minimum of 20 minutes after receiving their food from the line.
- AACHS will provide nutritious, fresh, locally grown food that reflects Florida's bountiful harvest.

- Convenient access to facilities for hand washing and oral hygiene will be available during meal periods.

HealthierUS School Challenge

- AACHS will be encouraged to join the United States Department of Agriculture (USDA) Team Nutrition program and submit an application to be recognized as a HealthierUS School Challenge: Smarter Lunchrooms (HUSSC: SL) school.

Recycling

- AACHS shall maximize the reduction of waste by recycling, reusing, composting and purchasing recycled products.

Employee Wellness

- AACHS wellness committee will have a staff wellness subcommittee that focuses on staff wellness issues, identifies and distributes wellness resources and performs other functions that support staff wellness in coordination with human resources staff.
- All staff will be provided with opportunities to participate in physical activities and healthy eating programs that are accessible and free or low-cost.

Health Services

- A coordinated program of accessible health services shall be provided to students and staff and shall include, but not be limited to, violence prevention, school safety, communicable disease prevention, health screening, including body mass index, community health referrals, immunizations, parenting skills and first aid/CPR training.

Use of School Facilities Outside of School Hours

- Each school will promote the use of school facilities outside of school hours for physical activity programs offered by community-based organizations and for the school community's use. Parents will be allowed to bring their children to the school and have access to basketball courts, playgrounds and track facilities.

Behavior Management

- AACHS is committed to prohibiting the use of food as a reward, unless incorporated into an activity that promotes positive nutrition messages (such as a guest chef or field trip to a farm).
- Teachers and other school personnel will not deny or require physical activity as a means of punishment.

6. Guidelines for All Foods and Beverages Available During the School Day

AACHS shall operate and provide food service in accordance with USDA's National School Lunch Program (NSLP) standards and applicable laws and regulations of the state of Florida. The guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by USDA.

General Guidelines

- All reimbursable meals will meet nutrition standards mandated by USDA, as well as any additional state nutrition standards that go beyond USDA requirements.
- School meals will include a variety of nutrient-dense foods, including whole grains and fiber-rich fruits and vegetables, while accommodating special dietary needs and ethnic and cultural food preferences.
- To the maximum extent possible, AACHS will participate in available federal school meal programs, including the SBP, NSLP and ASSP.
- Free, potable water will be made available to all children during each meal service.

Competitive Foods

- All foods and beverages sold on the school campus to students outside of reimbursable school meals are considered "competitive foods," and must comply with the nutrition standards for competitive food as defined and required in 7 CFR 210.11.
 - *School campus means, for the purpose of competitive food standards implementation, all areas of the property under the jurisdiction of the school that are accessible to students during the school day.*
 - *School day means, for the purpose of competitive food standards implementation, the period from the midnight before, to 30 minutes after the end of the official school day.*
- Competitive foods include items sold a la carte in the cafeteria, from vending machines, school stores, snack bars and for in-school fundraisers.
- Unless being sold by AACHS's food service program, it is impermissible for any competitive food item sold to students during the school day to consist of ready-to-eat combination foods of meat or meat alternate and grain products, as defined in 7 CFR 210.10 and 210.11. (FAC 5P-1.003)
- To be allowable, all competitive food items sold to students must meet general nutrition requirements and nutrient standards.

General nutrition requirements for competitive foods:

- Be a grain product that contains 50 percent or more whole grains by weight or have a whole grain as the first ingredient; or

- Have as the first ingredient one of the non-grain major food groups: fruits, vegetables, dairy or protein foods (meat, beans, poultry, seafood, eggs, nuts, seeds, etc.); or
- Be a combination food that contains 1/4 cup of fruit and/or vegetable.
- If water is the first ingredient, the second ingredient must be one of the above.

Nutrient standards for competitive foods:

Nutrient Standards	Snack Items and Side Dishes <i>(including any added accompaniments)</i>	Entrée Items <i>(including any added accompaniments)</i>
Calories	200 calories or less	350 calories or less
Sodium Limits	200 mg or less	480 mg or less
Total Fat Limits	35% or less of total calories	35% or less of total calories
Saturated fat	Less than 10% of total calories	Less than 10% of total calories
Trans fat	0 g of trans fat as served (less than or equal to 0.5 g per portion)	0 g of trans fat as served (less than or equal to 0.5 g per portion)
Sugar	35% of weight from total sugar as served or less	35% of weight from total sugar as served or less

Exemptions:

- Any entrée item offered as part of the breakfast or lunch program is exempt if it is served as a competitive food on the day of service or the day after service in the breakfast or lunch program.
- Fresh or frozen fruits and vegetables with no added ingredients, except water.
- Canned fruits with no added ingredients except water, which are packed in 100 percent juice, extra light syrup or light syrup.
- Low sodium/No salt added canned vegetables with no added fats.
- Reduced fat cheese, nuts, seeds and nut/seed butters, as well as seafood and whole eggs with no added fat are exempt from the total fat and saturated fat standards.

**Refer to 7 CFR 210.11 competitive food service standards for additional exemptions.*

Nutrition standards for beverages:

Portion sizes listed are the maximum that can be offered.

Beverages	AACHS
Plain water	unlimited
Unflavored low-fat milk	12 fl. oz.
Unflavored or flavored fat-free milk	12 fl. oz.
100% fruit or vegetable juice	12 fl. oz.
100% fruit or vegetable juice diluted with water but no added sweeteners	12 fl. oz.
Other flavored and/or carbonated beverages that are labeled to contain 5 calories or less per 8 fl. oz., or 10 calories or less per 20 fl. oz.	20 fl. oz.
Other flavored and/or carbonated beverages that are labeled to contain 40 calorie or less per 8 fl. oz. or 60 calories or less per 12 fl. oz.)	12 fl. oz.

Food and beverages for high school students may contain caffeine.

Standards for food and beverages available during the school day that are not sold to students:

- The school will provide parents and teachers a list of ideas for healthy celebrations/parties, rewards and fundraising activities.
- Class parties or celebrations shall be held after the lunch period and only foods that meet the Smart Snacks in School nutrition standards can be served.
- Schools will limit celebrations that involve food during the school day to no more than one party per class per month.

Fundraising

- Fundraising efforts will be supportive of healthy eating by complying with all applicable regulations and nutrition standards for competitive foods while also emphasizing the sale of nonfood items.
- No fundraisers that include the sale of food items will occur until thirty (30) minutes after the conclusion of the last designated meal service period.

- The school board is permitted to grant a special exemption from the standards for competitive foods as specified above for the purpose of conducting infrequent school-sponsored fundraisers, not to exceed the following maximum number of school days each school year:

School Type	Maximum Number of School Days to Conduct Exempted Fundraisers
Senior High Schools	15 days
Combination Schools	10 days

- AACHS's Healthy School Team will maintain a school calendar identifying the dates when exempted competitive food fundraisers will occur. (FAC 5P-1.003)

7. Policy for Food and Beverage Marketing

School-based marketing will be consistent with policies for nutrition education and health promotion. As such, the following guidelines apply:

- AACHS will only be allowed to market and advertise those foods and beverages that meet or exceed USDA's Smart Snacks in School nutrition standards.
- Marketing activities that promote healthful behaviors are encouraged. Examples may include: vending machine covers promoting water, pricing structures that promote healthy options in a la carte lines or vending machines, sales of fruit for fundraisers and coupons for discounted gym memberships.
- AACHS nutrition department's replacement and purchasing decisions will reflect the marketing guidelines mentioned above.

8. Evaluation and Measurement of the Implementation of the Wellness Policy

AACHS wellness committee will update and make modifications to the wellness policy based on the results of the annual review and triennial assessments and/or as local priorities change, community needs change, wellness goals are met, new health information and technology emerges and new federal or state guidance or standards are issued. The wellness policy will be assessed as indicated at least every three years following the triennial assessment.

Triennial Progress Assessments

AACHS will conduct an assessment of the local school wellness policy to measure wellness policy compliance **at least once every three years**. This assessment will measure the implementation of the local school wellness policy, and include:

- The extent to which AACHS is in compliance with the local school wellness policy;

- The extent to which the local school wellness policy compares to model local school wellness policies; and
- A description of the progress made in attaining the goals of the local school wellness policy.

9. Informing the Public

AACHS will ensure that the wellness policy and most recent triennial assessment are available to the public at all times. AACHS will also actively notify households on an annual basis about any updates made to the wellness policy and the availability of the triennial assessment results, as well as provide information to the community about the school nutrition environment.

- AACHS will ensure the most updated version of the wellness policy and triennial assessments are always available on the school website for the public to view.
- AACHS will present wellness policy updates, as applicable, during meetings with the Parent Teacher Association/Organization, school board, district superintendent, health and wellness committee and other interested groups or stakeholders.
- Wellness updates will be provided to students, parents and staff, as applicable, in the form of handouts, mass emails and on the AACHS website, to ensure that the community is informed and that public input is encouraged.
- AACHS will provide all parents with a complete copy of the local school wellness policy at the beginning of the school year.

10. Community Involvement

AACHS is committed to being responsive to community input, which begins with awareness of the wellness policy. AACHS will actively communicate ways in which parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators and the general public can participate in the development, implementation and annual review of the local school wellness policy through a variety of means, including:

- AACHS will consider student needs in planning for a healthy nutrition environment. Students will be asked for input and feedback through the use of surveys and attention will be given to their comments.
- AACHS will use electronic mechanisms, such as email or displaying notices on its website, as well as non-electronic mechanisms, such as newsletters, presentations to parents or sending information home to parents, to ensure that all families are actively notified of any updates to the wellness policy, as well as how to get involved and support the policy.

- At the final public school board meeting of each year, the local school wellness policy will be discussed and all stakeholders will be asked to provide feedback on the policy. All comments and recommendations will be reviewed and considered.

Record Keeping

Records to document compliance with the requirements of the local school wellness policy will include, but is not limited to the following:

- The written local school wellness policy;
- Documentation demonstrating compliance with community involvement requirements, including requirements to make the local school wellness policy and triennial assessments available to the public as consistent with the section on informing and updating the public; and
- Documentation of the triennial assessment of the local school wellness policy.
